

USER MANUAL

Packaging List and Parameters

Product Name: Folding And Rotating Car Mount

Power: 15W, 10W, 7.5W, 5W

Effective transmission distance: 0-6mm

Size:

Intermediate disc diameter: 130mm*76mm*73mm

Charging interface: USB TYPE-C

Built in battery: 150mAh

Packaging List:

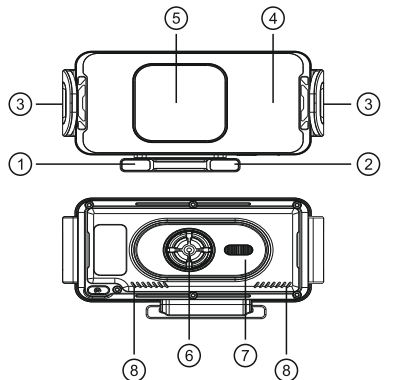

Car bracket x 1, instruction manual x 1,

Data cable x 1, car air outlet base (clip) x 1

Product features:

1. This product achieves 90 degree rotation through a dual motor design, Achieve arbitrary angle switching of the bracket

Functional Components

- | | | | |
|--------------------------|-------------------------|--------------------------------|-------------------------|
| ① Pinch arm touch button | ② Rotating touch button | ③ Left And Right Clamping arms | ④ Lighting Logo |
| ⑤ coil charging | ⑥ Rotating Motor | ⑦ Clamp Arm Motor | ⑧ Heat Dissipation Hole |

Specification Parameters

1. Weight: 175g

2. Material: ABS+PC

3. Input voltage/current: 5V/2A, 9V/1.67A

4. Output power: 15W/10W/7.5W/5W
automatic recognition

5. Rated frequency: 110K-205KHz

6. Charging distance: 0-5mm

7. Charging interface: TYPE-C

8. Devices that support QC wireless fast charging, such as

HUAWEI: HUAWEI P60, Mate60/50/40/30

Mate XS/X3/X5

IPHONE: IPHONE 8/X/11/12/13/14/15 Series

SAMSUNG: Note20/10/9/8 Series, GALAXY W23/W24

XIAOMI: MIX FOLD 3/FOLD 4

OPPO: OPPO Find N

VIVO: VIVO X Fold/X Fold 2/X Fold 3/X Fold+

HONOR: Magic V3

Instruction of User

- When using, connect this product to the compatible data cable.
- Connect the USB end of the data cable to the car interface. (such as cigarette lighter converter and USB charging interface)
- The base clip can be used to clamp the air conditioning vent and can also be placed in other places that can be clipped.
- After connecting the device to a 5-9V DC power supply, touch the left button to open the wings, Put on the phone, and after one second, the wings will automatically turn off. At this time, the wireless fast charging is correct. Mobile phone automatically charges.
- To remove the phone, touch the button and the left wing will automatically open. To remove the phone, use the wing. The bladder automatically closes.
- Right touch button, bracket automatically rotates 90 degrees to the left, phone is upright. This product has a built-in battery that can be opened and closed by touch in case of power failure.
- This device has built-in overvoltage protection, over temperature protection, magnetic field protection, and short circuit protection. If an exception occurs, it will automatically stop working.

Cautions

- Do not over squeeze or collide the device.
- Do not use this product in severe high temperature, humidity or corrosive environment to avoid damaging the circuit of the device.

Thank you for using this product!
